OUR MOVEMENTS

— **CARRY THE LOVE**

CATALYZING COLLEGE STUDENTS TO REACH THEIR UNIVERSITIES WITH THE GOSPEL.

— **CIRCUIT RIDER YOUTH**

ACTIVATING HIGH SCHOOL STUDENTS TO START JESUS CLUBS ON THEIR CAMPUS.

— **BRAVE LOVE WOMEN**

AWAKENING WOMEN TO THEIR EVANGELISTIC VOICE AND MISSIONAL CALLING.

— **BLACK VOICES MOVEMENT**

EMPOWERING YOUNG BLACK MEN AND WOMEN INTO THEIR CHRIST-CENTERED CALLING.

2017—2022.

Muslim Gives His Life to Jesus

“In Birmingham, England we met an older man named Ali who had grown up Muslim but left Pakistan because of corruption. He came with us to the front for worship and asked why we raise our hands. I shared with him that it is a sign of surrendering to the Lord. Through the night he continued to ask questions and encounter God and he ended up giving his life to Jesus! Once he did, he and I prayed together for someone with back pain and they got completely healed! Saved and activated in one moment!”

Salvation and Emotional Healing at Native American Reservation

“Our team had the privilege of ministering at a Native American reservation in Riverton, WY and we served at a youth event for the kids. It was a powerful night! We shared the Gospel and after giving an altar call, nineteen students responded and gave their lives to Jesus for the first time! I got to share part of my testimony that involved experiencing sexual abuse and God’s power to heal and redeem my life. As we closed the evening, young girls came up to me crying, expressing that they didn’t know other girls had experienced things similar to what they had experienced. We were able to pray with them right there and we saw God move in a special way in their hearts. Girls were forgiving those that mistreated them. A few were even baptized in the Holy Spirit and crying under God’s power!”

Gas Station Gospel Appointment

“We pulled up to a gas station and were being helped by a kind man named Rafael. We noticed he was limping and found out that his right leg was hurting him badly. We asked if we could pray for healing and he agreed. So we prayed! Within moments God took his pain away and he began kicking his leg around and walking with no limp! A huge beautiful smile broke out on his face and he began saying over and over again “It is better!”

Voice Restored in Egypt

“A girl who was unable to speak for 3 years was miraculously healed! She stood on stage at the large gathering and shared her testimony of how she had gone to doctors, taken medicine, yet no one could understand why she became mute. Jesus healed her in a moment of worship and restored her voice!”

Leg Grows Out Miracle

“I was in an accident in 2019 that drastically affected my life. Since the accident I have been in extreme hip pain because one of my legs is one inch shorter than the other. As the team prayed for me, I felt the pressure in my leg and back relieve and I felt myself being able to stand with good posture and without pain for the first time in years! They then prayed over my anxiety and I felt it fall off like scales! I felt less anxious and like I could do anything!”

Self Harm Scars Disappear

"I'm 15 years old and the event was on the 23rd which I watched on the livestream. I had self-harmed all my life. At that moment I had countless scars and cuts on my body. As they prayed, I felt a wave of electricity and my body got really hot! I suddenly felt God's physical hand over my body and at that moment all of my scars and cuts literally disappeared. I went through and looked at my arms, stomach, legs, etc, and no cuts or scars were found! I had cut myself over 50 times a day before The Send. Those fresh cuts were gone too. This miracle changed my life. I can't go back!"

Collarbone Healed

“We were at UCSD in San Diego and met a student named Tim who had broken his collarbone three weeks prior. We asked if we could pray for his collarbone to be healed. Tim was skeptical but said yes. As we prayed we could tell that he was surprised by our team’s faith for healing. After praying three times, to Tim’s shock, he realized that he had absolutely no pain and was able to do push-ups immediately!”

Lymes and Seizures Healing

“My sister came to the event and rededicated her life to the Lord! It was amazing to witness. When it was time for healing during the night, we knew we had to pray for her because she had seizures. We prayed a couple of times until she said heaviness started to lift off of her and she felt so much lighter. From the stage, Graham told everyone that if they experienced healing to come to the front and share their testimony with him. My sister went up to him and after telling him what happened, she shared with him that she also had Lymes Disease. He immediately prayed for her and she got baptized in the Holy Spirit and was overwhelmed by the presence of God in a powerful way. When the moment was over, she said she felt free and that she felt like a daughter! She was healed! It was amazing! My whole family came to the event and my brother got saved and was baptized and my other sister even got baptized! Praise God!”

Miraculous Healing of Cancer

“We met a young woman whose mother had cancer. We gathered together as a team and began to pray for her mother to be healed. The next day we got a phone call from the young woman. The doctor had called their home announcing that a miracle had taken place and he could not find cancer in her body any longer! She was miraculously healed! Glory to God!”

Foot Instantaneously Healed

“At Morehouse College a young man came into the men’s gathering with a broken left foot. He had dropped a 45lb weight on it the morning before. Our team circled up to pray for him. When he took his boot off, miraculously he was able to move his foot around! It was completely healed! The whole room was freaked out because everyone heard his foot pop back into place. Then he started jumping and walking on it like it was never broken! It is a miracle!”

God Moves in The Most Atheistic Country in the World

“We’ve been told the Czech Republic is the most ‘atheistic country in the world.’ The exact opposite has been our experience! 250 youth and adults responded to the Gospel in Brno during our time there. Our team was given the opportunity to preach the gospel in two different schools, in 12 different classrooms. In each one we were able to share our testimonies and the Gospel of Jesus. In addition, we held an after-school meeting for students who wanted to know the next steps. The room was filled! Students were truly counting the cost of being the first in their families to follow Christ. They left equipped and encouraged to live out their faith!”

JESUS

Self Harm Scars Disappear

“At the Abilene event the scars on my wrist were healed! I started struggling with self-harm when I was eleven and didn’t stop until I was twenty years old. Over the past several years, I’ve had deep moments of sadness over the way I used to treat my body and the fact that my wrists would be marked forever. Yesterday, before the event, I started randomly thinking about my scars being healed. When the mention of this type of healing was called out from the front, my hand went up to receive it before I could even think about what I was doing! I felt the weight of God’s love and saw my scars fade away!”

Neck Surgery Canceled

"I was in a car accident 3 months ago and I lost muscle strength in the right side of my neck to where I couldn't turn it or sleep on it without pain. It would be difficult for me to drive because of the pain. I was healed completely just by watching the livestream of The Send! For the first time in 3 months I'm able to move my neck and I felt the muscle grow back into place. I got to cancel my surgery!"

Healing in Myanmar Hospital

“A group of us went to the hospital to pray for patients. One team met a guy named William. His shoulder was healed and then he accepted Jesus and got to hear God’s voice. He then practiced by praying for the team and got words of knowledge for them. He heard God say different names and so he told the team what he heard. What he heard was the name of the hotel we were staying at, the name of the place we ate lunch at each day, and the name of the van we were driving. We all were undone and told him that God spoke to him, because there was no way he could have known all that. So wild!”

David

Myanmar • Southeast Asia

William's arm fully raised, which he was not able to do before prayer for healing.

The Simple Gospel For High School Students

"I met four young high school girls and got to share the Gospel with them. I explained that Jesus didn't just die to get us into heaven but to have a relationship with us now. All four of them gave their lives to Jesus and as I was praying for them, they started opening up about addictions and their need for freedom. The Holy Spirit encountered them powerfully! We prayed and broke off chains of addiction."

Life and Death Battle

"I prayed for this guy who had been tormented at night by the enemy. He said he kept hearing the enemy say, 'You need to kill yourself, you need to kill yourself,' and was having all of these suicidal thoughts. We prayed for him and broke off the spirit of suicide and death and told him to declare out loud, 'I refuse to die!' When he did, he got completely delivered! He said he felt so much lighter as God's love washed over him."

Saved From Suicide

“We were hosting a gathering outdoors on a field next to an apartment complex. A young woman who lived in one of the apartments was using her jacuzzi but overheard the gathering taking place. Little did we know she was planning to take her own life later that night. As we worshiped on the field and lifted up the name of Jesus, the young woman’s heart began to race. She jumped out of the water, grabbed a towel, and ran to the field, soaking wet. She ran up to us and we began to talk with her and hear her story. She had never heard the Gospel before. We were able to share Jesus with her and she received Christ into her heart. She was set free of suicide that night!”

The Power of God Transforms

“This past week I almost killed myself. I have attempted suicide before and have been dealing with anxiety and depression. I have dealt with an eating disorder as well. My best friend invited me to a Circuit Rider event and my life was changed. I was given words of knowledge that I needed and I gave my life back to Jesus. I’ve been able to eat three meals today. I usually feel so much anxiety and I feel great now! I had the ugliest self-harm scar on my arm and it is completely gone! Bless the Lord, my God! He is here for me! I’m not going to write depressing music anymore but music out of the joy of the Lord. I’m here to spread His love now.”

Out of Her Wheelchair

“This is Brenda Redmond, a beautiful young woman who suffered from various illnesses over the course of her life and spent years restricted to a wheelchair. At The Send in Orlando, during the prayer for healing, Brenda was miraculously healed! Brenda stood up from her wheelchair completely rid of illness! These are photos from the very moment of her healing. This is her wheelchair raised in the air.”

Carry The Love in a U.S. Prison

“In Tennessee our team was given access to a men’s prison. It was a miraculous open door. The authorities allowed us to hold a service where we led worship, shared our testimonies, and gave an altar call for salvation. It was an emotional and powerful moment as many men (pictured) came forward to respond to Jesus! We were able to pray for and minister to all of the inmates that wanted to be prayed over. This is a moment that changed us forever!”

Drug Addict Meets Jesus

“A man named David came to the event tonight on his way to a halfway house. He had been in jail for 18 months and as soon as he got off the bus, my friend Erika, went up to him and started a conversation. He shared some of his stories with her and she shared how she was homeless and addicted to drugs just like him once. She invited me over to talk with them at the same time as Frenchie was sharing his testimony of how Jesus had set him free from all addiction. David started listening and Frenchie invited everyone to come to the front that wanted freedom from addiction. When I initially asked David if he wanted to go up and receive freedom from Jesus, he said no. Then when we offered to go with him, he said yes! We walked him up to the front and people immediately surrounded him with prayer. He had been addicted to meth for nearly 20 years but as they prayed for him, he started crying and repeated the prayer that Frenchie was leading them in. He received Jesus, was set free, and got connected with a community. He said, ‘I’ve been locked up for so long, I’ll walk to church.’ The Gospel is powerful!”

Healing and Salvation at Refugee Camp in Burundi

“The first day of evangelism we went to a refugee camp and saw around 300 people give their lives to Jesus! We prayed for a woman that had pain in her stomach and she explained to us that the pain left her body when we prayed. This opened a door for us to preach the Gospel to a group of women surrounding her. They all received Jesus and then proceeded to take us around the camp to those they felt needed to hear the Gospel. One by one entire households would get saved! At the end I was told by one of the refugees that ‘many people come to the camp to bring us food and supplies but this is more important. This is what we really need.’”

**Miracle in Mobile**

“I prayed with a woman named Angela who struggled with lower back pain and seizures. Also, ever since she got Covid last year she has had trouble breathing. I prayed for her and first, her lungs got completely healed! She could easily breathe again. Her back pain level was at a 9 out of 10. I prayed for her back twice and all pain disappeared! She started dancing! She got so encountered by the power of God that she fell back and her husband had to catch her. She was healed!”

Gymnast Healed in Texas

"I was a gymnast for 10 years and because of the intensity of the sport, my hips were severely damaged. On my left hip, a quarter-sized cyst developed, causing intense pain. On my right hip, there was no sign of cartilage left on the MRI's. Both hips were bone on bone and were in extreme pain all the time. In addition to that, the tendons that connect through my spine down into my hips were described to be like 'overstretched rubber bands' that couldn't support anything anymore. In the mornings I would have to pop my hips into place to even walk and they constantly ached. On the first night of the Abilene event, two girls came to pray for me and I started to feel a cold, tingling sensation on my left hip. I told God, 'if you are healing me right now, my other hip will start to feel the same way.' Then it did! Both of my hips were cold and tingling! I woke up the next morning and didn't even realize that I was walking around without pain and didn't have to pop my hips to walk. I went all day without pain and the following day, it was the same. No pain! I even worshiped and jumped around to the song *Where Are The Chains!*
